Service
Should you encounter a problem which you are not able to alleviate or identify despite the above information, please contact your dealer for further advice. Only when the problem cannot be resolved there should the unit be sent to the responsible distributor in your country.
Warranty repairs will only be affected if the unit is returned correctly packaged. For this reason we recommend keeping the original packaging.
Never return a record player without making sure that is it safely disassembled and correctly packaged in the original packaging according to the diagrams on the last page of this user guide. Please remove these parts and pack them separately: lid, counterweight, anti-skating weight and belt.
Fit the cartridge protection cap and the transport lock for the tonearm tube, prior to carefully packaging the record player.
